Greater Engine Protection and Improved Fuel-efficiency

Carlube Triple R 0W-30 R-Tec 10 is a fully synthetic engine oil formulated to provide proven engine protection for those oils requiring the A5/B5 specification including the latest generation of Volvo petrol and diesel engines.

Performance Benefits

Carlube Triple R 0W-30 R-Tec 10 contains a unique technology that provides superior oxidation control, wear protection, cleanliness and acid neutralisation. Test results show that this oil has excellent low temperature pumpability with proven performance down to -40°C. Even at these extreme temperatures the oil protects bearings and vital components from weight loss, wear and corrosion. Carlube Triple R 0W-30 R-Tec 10 provides excellent fuel economy performance and keeps engines clean by reducing build-up of sludge in critical areas. This product offers excellent viscosity increase control in both gasoline and diesel engines and prevents varnishes building up on pistons, keeping grooves cleaner and piston rings free.
